

RAJASEKAR RK

MERN Full Stack Developer

☎ +91 6383048543 ✉ ajairaja2004@gmail.com 📧 rajasekar-r-k-209a46375 📧 RKRajasekar 📍 Nagercoil, India

PROFESSIONAL SUMMARY

Innovative Computer Science Engineering graduate specializing solely in MERN stack development with a passion for architectural efficiency. Highly skilled in engineering full-stack web applications by leveraging MongoDB, Express.js, React.js, and Node.js to bridge the gap between user-centric frontends and robust backend logic. Demonstrated strong problem-solving capabilities through the successful development of real-time web applications and hands-on projects. Focused on writing optimized, well-documented code and eager to deploy modern web solutions in a collaborative enterprise ecosystem.

SKILLS

Databases :	MongoDB, MySQL
Frameworks & Libraries :	React.js, Node.js, Express.js, mui, Tailwind CSS
Programming Languages :	JavaScript, Python, SQL
Soft Skills :	Leadership, Teamwork, Communication, Adaptability, Time Management
Tools & Platforms :	VS code, AntiGravity AI, GitHub, Postman, AI Assistants (ChatGPT, Gemini, Claude)

WORK EXPERIENCES

Java Internship <i>JCS Infotech</i> Learned Java fundamentals , OOP concepts, collections, and JDBC,Built small applications using Java and SQL integration . Technologies / Skills Used : Java, SQL	2025 Nagercoil
Web Development Internship <i>Shiro Software Solutions</i> Ambitious MERN Stack Developer skilled in crafting responsive web applications from scratch using React, Node.js, and MongoDB. Proven capability in frontend-backend integration, dynamic API handling, and efficient version control via Git. Technologies / Skills Used : HTML, CSS, JavaScript, React.js, Node.js, Express.js	2024 Nagercoil

EDUCATIONS

Ponjesly College of Engineering Nagercoil, India <i>Bachelor of Engineering</i> Computer Science and Engineering	2022 - 2026 CGPA : 8.5
--	---------------------------

PROJECTS

An Interactive Home Decor E-Commerce Interface <i>Frontend Developer</i> Developed a responsive Furniture E-commerce frontend using React.js, HTML, and CSS. Features include dynamic product cataloging, smooth navigation, and a user-friendly UI/UX designed to optimize the online shopping experience. Technologies / Tools Used : Html, CSS, Tailwind CSS	2025
Snap Tech -Full Stack E-Commerce Platform <i>MERN Stack Developer</i> Snap Tech is a fully realized full-stack e-commerce platform developed by Rajasekar RK, leveraging the MERN stack (MongoDB, Express.js, React.js, and Node.js) to deliver a comprehensive online shopping solution. The completed project features a responsive React frontend with Material UI and Tailwind CSS, integrated with a robust Node.js backend for secure authentication, dynamic product management, and seamless user experiences. Technologies / Tools Used : React, Node.js, Express, MongoDB, mui, Tailwind CSS	May 2026
